

ERHS High School Graduation Requirements

Students must complete each class with a D or better to earn credit. Each completed class earns 5 credits per semester. **220 credits minimum are required to graduate.**

For example, if a student is taking 6 classes, he/she will earn 30 credits per semester and 60 credits for the year, if each class is passed with a D or better.

Note: The courses below highlight some of the choices. It is by no means a comprehensive list of the courses we offer. Please see the course descriptions based on grade for a comprehensive list.
